Current Role -

Development Team

Work Done -

SRS section 3, User Story additions and revisions, found library for chord progression

Work to be Done -

Issues Encountered -

flask was difficult to get working as I had python 3.5 and it requires 3.6+. User story document had issues with duplicates and wording after Deliverable 0

Issues Resolved -

flask installation - had to screw around with some python references on my computer.
fixed User story document

Deliverable Percentage - $\approx 14\%$
